HXDL-ZD-8	120	1150	≥2500	185	320
HXDL-ZD-10	135	1425	≥3500	195	325
HXDL-ZD-12	145	1600	≥3800	207	325

#### **Product Features**

- ABS approved safety equipment used primarily in maritime and industrial applications for the safe transfer of personnel and materials between vessels and shore or between different structures.
- Designed to be collapsible or foldable, allowing for compact storage and easy transport when not in use.
- Generally lighter and easier to maneuver, the folding type is ideal for applications that require frequent relocation or storage.
- Commonly used in situations where space-saving is a priority, such as offshore installations, construction sites, or emergency evacuations.
