Adjustable Chest Strap

PVC Lanyard Keepers for the storage of unused alloy steel hooks

Adjustable Waist Belt

Adjustable Leg Strap

Front View

Rear View

Alloy Steel D-Ring for securing detachable shock-absorbing lanyard

**User Suitability: Adults, Weight 69-90kg, Waist 70-120cm, and Height 160-190cm**

## Product Features

- This product requires minor assembly before use, as the waist belt and shock-absorbing lanyard need to be attached to the main harness.
- Ideal for rescue operations, electrical work, and construction activities.
- The full-body frame construction ensures optimal weight distribution and comfort.
- Waist belt for strap adjustment to fit most people.
- Constructed from high-strength industrial synthetic polyester fibers with great performance in abrasion and heat resistance.
- Include detachable shock-absorbing lanyard with dual quick-locking alloy steel hooks.
- Shock-absorbing lanyard automatically opens when the operator falls, reducing the injury caused by the fall.
- Fitted with PVC lanyard keepers on the front of the chest, allows for easy storage of unused lanyards, keeping your hands free.

**Important Note:** This product is manufactured in compliance with the GB6095-2021 standard and should be used in accordance with that standard. Do not try to open the sealed packaging of the shock-absorbing lanyard. Once opened or used, it must be replaced with a new one.
