

Full Body Safety Harness

Technical Specifications

- **Rope Length:** Approx. 2m
- **Bearing Capacity:** Approx. 100kg
- **Material:** Polyamide, Alloy Steel
- **Color:** Orange

Product Features

- This product requires minor assembly before use, as the belt and leg straps need to be attached to the main harness.
- Ideal for rescue operations, electrical work, and construction activities.
- Comes with dual alloy steel hooks.
- Constructed from polyamide, which is strong, durable, wear-resistant, and easy to clean.
- The full-body frame construction ensures optimal weight distribution and comfort.
- Front buckle for strap adjustment to fit most people.

Important Note: This product is manufactured in compliance with the GB6095-2021 standard and should be used in accordance with that standard.
